Frontenac, Lennox & Addington Virtual Science Fair/ Expo-sciences Virtuelle

Week of March 28, 2022

An Online Fair using Project Board and Zoom

General Sponsorship Program

The Frontenac, Lennox and Addington Science Fair (FLASF) is an annual event that provides an opportunity for students in Grades 5 to 12 in our region to showcase their knowledge, talents and ingenuity in science, engineering and technology. Through sponsorship, you will be helping to foster the scientific and engineering minds of our future and you will have a unique opportunity that will profile your commitment to your community and its youth.

This year FLASF will be hosting a virtual fair. Students will be able to participate in the science fair online, and receive a T-shirt, water bottle, certificate, and other items. Special Awards and Best-of-Fair Awards will also be given out. The FLASF committee is working hard to ensure all students have fun and are successful in this new online platform.

Financial support is used to provide:

- No-fee registration for all students attending the 2022 Virtual FLASF Science Fair
- T-shirt, water bottle, certificate, and more for all participants
- Trophies and awards for the student participants
- Online hosting of an awards ceremony and a keynote speaker
- Registration for 5 students and 2 adult volunteers to attend the Virtual Canada-Wide Science Fair. The Best-of-Fair projects are chosen to attend the Canada-Wide Science Fair where students from all regions of Canada participate in a week-long competition and celebration of their science activity and success.
- Online website maintenance and registration
- Fair operations and administration
